Catfinated

a Shinsō zine

Out of every bad situation, we should take what we can to make the best of it, to grow as individuals, and learn from our mistakes.

The Catfinated Mod Team would like to thank all of you, whether you're an artist, a previous customer, a My Hero Academia fan, a Shinsō lover or a passerby! The support given to us throughout this project was phenomenal and made this a wonderful experience. We can't put it into words what it all meant to us to hear (and read) all of the encouraging words from everyone supporting this project, and we truly hope you enjoy this Zine as much as all of us did! Every artists put their all into their pieces, and we hope you can feel the love they have for Shinsō when you see their art!

Thank you all, and
PLUS ULTRA!

The Catinated Zine mod team is:
Suaracatacat, Aster Moon, Shinnoya, Evie and Xilo Hrdz
